COMPONENT 200

[illumination]	high-performance LED
[operating temperature]	+5°C to +40°C
[dimensions (LxWxH)] without plug and cable	
Dome	669 mm x 610 mm x typ. 453 mm
19" LED controller unit	680 mm x 483 mm x 90 mm
[weight]	
Dome	21,5 kg
19" LED controller unit	6,8 kg
[dome inner diameter]	580 mm
[working distance:] objective <-> inspection level	typ. 300 mm
bottom edge <-> inspection level	typ. 47 mm
[Ø measuring field/scan width]	up to 200 mm (application specific)
[power supply]	230 V

surface inspection of static parts	
[camera type]	area camera

surface inspection and gloss level	
[camera type]	area camera

surface inspection of cylindrical surfaces	
[camera type]	line scan camera

surface inspection of continuous material	
[camera type]	line scan camera
