## COMPONENT 20

[illumination]	high-performance LED
[operating temperature]	+5°C to +40°C
[dimensions (LxWxH)] without plug and cable	
Dome	246 mm x 160 mm x typ. 259 mm
19" LED controller unit	680 mm x 483 mm x 90 mm
[weight]	
Dome	5,1 kg
19" LED controller unit	6,8 kg
[dome inner diameter]	120 mm
[working distance:] objective <-> inspection level	typ. 72 mm
bottom edge <-> inspection level	typ. 2 mm
[Ø measuring field/scan width]	up to 20 mm (application specific)
[power supply]	230 V

surface inspection of static parts	
[camera type]	area camera

surface inspection of cylindrical surfaces	
[camera type]	line scan camera

surface inspection of continuous material	
[camera type]	line scan camera
